Big Bend Health Care Coalition COVID-19 SITUATION REPORT #13

MAY 12, 2020

State Conference Call Summary:

- All County Health Departments are participating in the May2Day campaign with a goal to test 2% of the population per week.
- Florida has now passed the 40.000 mark of COVID-19 cases.
- 'Data dumps' can be attributed to the spike in case numbers being seen at this time. Percent positivity is currently at 2.12 compared to 4.83 over the weekend.
- The Abbot One Touch machine has been shown to have a 15% false negative rate.
- You may see an increase in private ambulance companies throughout your counties as EMS teams are pairing up with strike teams to provide assessments, testing and visits to long term care facilities throughout the state.
- Remdesivir is now considered a standard of care drug for COVID treatment. The state has currently acquired this and the allocation plan will be released in the next few days.

COVID-19: IRF Flexibilities During the PHE

One Blood is asking for individuals who have recovered from COVID-19 to donate plasma. For more information, click here.

ESS INFORMATION FOR REPORTING FACILITIES

- ESS is critically important for the State to anticipate demand in the hospital & sub-acute care setting. This data influences decisions on the need for additional support and equipment requests from federal government.
- Facilities MUST verify and update data 2x daily.
- ESS is adding more fields daily. Instructions on these new fields available on the AHCA ESS website.
- · Hospitals should estimate the number of med surge beds that can be converted to ICU beds. Do not duplicate bed numbers in different categories. Start with highest acuity beds.
- · Corporate Representatives can be established to monitor data entry at individual facilities. Contact AHCA for assistance

SURGEON GENERAL'S PRIORITIES

Florida's 5 STEPS to Prevent COVID-19

STOP INTRODUCTION

Stop Introduction into Florida from out of state.

TEST. TEST. TEST Leverage testing capabilities & work to expand capacity.

ELDERLY & VULNERABLE PROTECTION

Protect the elderly by increased mitigation and messaging at assisted living centers, nursing homes, and other special facilities.

PREPARE HOSPITALS

Assess the potential impacts and course of action for hospitals and bed capacity.

SOCIAL DISTANCING

Continue to message social distancing.
