## CURRENT\* COVID-19 CASES IN BIG BEND REGION

\*updated as of 6.24.2020 at 11:30am

COUNTY	TOTAL CASES	HOSPITALIZATIONS
Calhoun	70	7
Franklin	4	0
Gadsden	332	58
Gulf	14	1
Jackson	342	26
Jefferson	38	9
Leon	614	44
Liberty	220	1
Madison	143	4
Taylor	70	6
Wakulla	41	5

### Percent positivity for new cases

The percent of positive results ranged from 4.38% to 12.26% over the past 2 weeks and was 10.89% yesterday.

This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

One Blood is asking for individuals who have recovered from COVID-19 to donate plasma. For more information, click here.

## GOVERNOR DESANTIS' EXECUTIVE ORDERS

For resource requests in your county please contact your local emergency management office.

# Big Bend Health Care Coalition COVID-19 SITUATION REPORT #23

JUNE 24, 2020

## STATEWIDE CONFERENCE CALL SUMMARY

- Florida now has over 100,000 positive COVID cases. Over 1 million have been tested with a positivity rate at 10.9%.
- Remdesivir supplies are running out due to an increase in case #s. The state is projected to run out over the weekend, but FL is working with federal partners to secure more.
- Hospital admissions are increasing, many of which are in the younger demographic.
- Regional collaboration between hospitals and LTC facilities are going very well and those relationships should continue.
- We are starting to see a flattening of cases in nursing homes. These numbers are down to 10% from a previous 20%.

## AHCA CONFERENCE CALL SUMMARY

- All nursing home staff is now required to be tested for COVID every two weeks.
- AHCA will publish a Q&A document in the near future. It will be emailed and posted on the FHCA website.
- The intent is to provide testing kits to facilities that allow staff to swab themselves and these swabs will be sent for testing.
- These tests will be at no cost to the facility.
- Guidance will be given to prevent staff working at multiple facilities from receiving multiple tests.

Big Bend HCC Situation Reports will now be going out once a week on Wednesdays.

## ESS INFORMATION FOR REPORTING FACILITIES

- ESS is critically important for the State to anticipate demand in the hospital & sub-acute care setting. This data influences decisions on the need for additional support and equipment requests from federal government.
- Facilities MUST verify and update data once daily.
- ESS is adding more fields daily. Instructions on these new fields available on the AHCA ESS website.
- Hospitals should estimate the number of med surge beds that can be converted to ICU beds. Do not duplicate bed numbers in different categories. Start with highest acuity beds.
- Corporate Representatives can be established to monitor data entry at individual facilities. Contact AHCA for assistance

## SURGEON GENERAL'S PRIORITIES

### Florida's 5 STEPS to Prevent COVID-19

#### 1 STOP INTRODUCTION

Stop Introduction into Florida from out of state.

2

#### TEST, TEST, TEST

Leverage testing capabilities & work to expand capacity.

3

#### ELDERLY & VULNERABLE PROTECTION

Protect the elderly by increased mitigation and messaging at assisted living centers, nursing homes, and other special facilities.

4

#### PREPARE HOSPITALS

Assess the potential impacts and course of action for hospitals and bed capacity.

5

#### SOCIAL DISTANCING

Continue to message social distancing.
